Independent Auditor's Report

Board of Directors
Human Rights Watch, Inc.
New York, New York

We have audited the accompanying financial statements of Human Rights Watch, Inc., which comprise the statement of financial position as of June 30, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Human Rights Watch, Inc. as of June 30, 2016 and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Human Rights Watch, Inc.'s 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 9, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Notes to Financial Statements as of June 30, 2016

1. Nature of Organization

Human Rights Watch, Inc. ("HRW") is a not-for-profit organization that works to stop human rights abuses. Currently, HRW monitors and promotes human rights in over 80 countries worldwide. Its program is divided into five parts for each region of the world plus the United States and thematic programs devoted to women's rights, children's rights, refugees, military affairs, international justice, the human rights responsibilities of corporations, gay and lesbian rights, health and human rights, disability rights and emergency response.

HRW obtains financial support from the public - primarily individuals and foundations, but also estates, trusts and businesses. HRW does not seek or accept financial support from any government or government-funded agency. Principal offices in 2016 were located in New York, Washington, London, Brussels, Berlin, Chicago, Los Angeles, San Francisco, Toronto, Moscow, Geneva, Paris, Johannesburg, Sydney, Sao Paulo and Tokyo.

2. Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The financial statements have been prepared on an accrual basis of accounting and conform to accounting principles generally accepted in the United States of America, as applicable to not-for-profit organizations. In the statement of financial position, assets are presented in order of liquidity or conversion to cash and liabilities are presented according to their maturity resulting in the use of cash.

(b) *Financial Statement Presentation*

The classification of HRW's net assets and its support, revenue and expenses is based on the existence or absence of donor-imposed restrictions. It requires that the amounts for each of three classes of net assets, permanently restricted, temporarily restricted and unrestricted, be displayed in a statement of financial position and that the amounts of change in each of those classes of net assets be displayed in a statement of activities.

The classes of net assets are defined as follows:

- (i) **Permanently Restricted** - Net assets resulting from contributions and other inflows of assets whose use by HRW is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of HRW pursuant to those stipulations.
- (ii) **Temporarily Restricted** - Net assets resulting from contributions and other inflows of assets whose use by HRW is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of HRW pursuant to those stipulations. When such stipulations end or are fulfilled, such temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities.
- (iii) **Unrestricted** - The part of net assets that is neither permanently nor temporarily restricted by donor-imposed stipulations.

(c) *Cash and Cash Equivalents*

HRW considers all money market funds and investments with maturities of three months or less at the time of purchase to be cash equivalents.

Human Rights Watch, Inc.

Notes to Financial Statements as of June 30, 2016

(d) Financial Instruments and Fair Value

Accounting Standards Codification (“ASC”) 820, “Fair Value Measurement,” establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. Observable inputs are inputs that market participants operating within the same marketplace as HRW would use in pricing HRW’s asset or liability based on independently derived and observable market data. Unobservable inputs are inputs that can not be sourced from a broad active market in which assets or liabilities identical or similar to those of HRW are traded. HRW estimates the price of any assets for which there are only unobservable inputs by using assumptions that market participants that have investments in the same or similar assets would use as determined by the money managers for each investment based on best information available in the circumstances. The input hierarchy is broken down into three levels based on the degree to which the exit price is independently observable or determinable as follows:

Level 1 - Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

Level 2 - Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.

Level 3 - Valuation based on inputs that are unobservable and reflect management’s best estimate of what market participants would use as fair value.

(e) Contributions Receivable and Allowances

HRW reports unconditional promises to give as contributions. If amounts are expected to be collected within one year, they are recorded at net realized value. If amounts are expected to be collected in future years, they are recorded at the net present value of their estimated future cash flows.

The net present values on these amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contributions revenue.

HRW uses the allowance method for uncollectible unconditional promises receivable. The allowance is based on prior years’ experience and management’s analysis and evaluation of specific promises made. While management uses the best information available to make its evaluation, future adjustments to the allowance may be necessary if there are significant changes in economic conditions.

(f) Fixed Assets

Fixed assets are recorded at cost when purchased. Depreciation is computed on an accelerated basis or on a straight-line basis over the estimated useful lives of the assets. Leasehold improvements are amortized over the shorter of the lease term or the estimated useful lives of the related assets.

Leasehold improvements	5-16 years
Furniture and fixtures	7 years
Office equipment	5 years
Computer hardware and software	5 years

Notes to Financial Statements as of June 30, 2016

(g) Impairment of Long-Lived Assets

HRW follows the provisions of ASC 360-10-35, "Accounting for the Impairment or Disposal of Long-Lived Assets", which requires HRW to review long-lived assets, including property and equipment and intangible assets, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. For the year ended June 30, 2016, there have been no such losses.

(h) Endowment Fund

The Endowment Fund represents the principal amount of gifts accepted with the stipulation of the donors or the Board of Directors that the principal be maintained intact until the occurrence of a specified event. The Endowment Fund has been established under a formal arrangement whereby HRW can spend no more than 5% of the Endowment Fund value, as defined, each year for operations. In the case of exceptional circumstances, as declared by a vote of two-thirds of the Board of Directors, HRW may spend more than the previously stated 5%. The net assets of the Endowment Fund relating to assets received as part of the 1998 Endowment Campaign have been designated as temporarily restricted. The Endowment Fund net asset value ("NAV") at June 30, 2016 was \$107,324,433.

(i) Contributed Services

For the year ended June 30, 2016, the value of contributed services meeting the requirements for recognition in the financial statements was not material and has not been recorded. In addition, many individuals volunteer their time and perform a variety of tasks that assist HRW. HRW receives more than 5,000 volunteer hours per year.

(j) Revenue Recognition

The operations of HRW are financed principally by foundation grants and contributions received from the general public. Contributions are reported at fair value on the date they are received. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or absence of any donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

(k) Functional Allocation of Expenses

The cost of providing the various programs and other activities has been summarized on an individual basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited based on specific identification or allocation rates established by management.

(l) Risk and Uncertainties

HRW's investments consist of a variety of investment securities and investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of HRW's investments will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Human Rights Watch, Inc.

Notes to Financial Statements as of June 30, 2016

(m) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and other disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

(n) Income Taxes

HRW is exempt from Federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and therefore has made no provision for income taxes in the accompanying financial statements. HRW has been determined by the Internal Revenue Service ("IRS") not to be a "private foundation" within the meaning of Section 509(a) of the Internal Revenue Code. There was no unrelated business income for the year ended June 30, 2016.

(o) Accounting for Uncertainty in Income Taxes

Under ASC 740, "Income Taxes", an organization must recognize the tax benefit associated with tax positions taken for tax return purposes when it is more likely than not the position will not be sustained upon examination by a taxing authority. HRW does not believe it has taken any material uncertain tax positions and, accordingly, it has not recorded any liability for unrecognized tax benefits. HRW has filed for and received income tax exemptions in the jurisdictions where it is required to do so. Additionally, HRW has filed IRS Form 990 information returns, as required, and all other applicable returns in jurisdictions where so required. For the year ended June 30, 2016, there was no interest or penalties recorded or included in the statements of activities.

(p) Concentration of Credit Risk

Financial instruments which potentially subject HRW to concentration of credit risk consist primarily of cash and cash equivalents. At various times, HRW has cash deposits at financial institutions which exceed the FDIC insurance limits.

(q) Comparative Financial Information

The financial statements include certain prior year summarized comparative information. With respect to the statement of activities, the prior year information is presented in total, not by net asset class. With respect to the statement of functional expenses, the prior year expenses are presented by expense classification in total rather than functional category. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with HRW's financial statements for the year ended June 30, 2015, from which the summarized information was derived in total but not by net asset class.

(r) Reclassifications

Certain prior year balances have been reclassified to be consistent with the current year financial statement presentation. These reclassifications had no impact on change in net assets or ending net assets.

(s) Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") practical expedient provided by ASC 820. Disclosures about investments in certain entities that calculate NAV per share are limited under

Human Rights Watch, Inc.

Notes to Financial Statements as of June 30, 2016

ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Management is currently evaluating the impact of this ASU on its financial statements.

In February 2016, the FASB issued ASU 2016-02, "Accounting for Leases," which applies a right-of-use ("ROU") model that requires a lessee to record, for all leases with a lease term of more than 12 months, an asset representing its right to use the underlying asset and a liability to make lease payments. For leases with a term of 12 months or less, a practical expedient is available whereby a lessee may elect, by class of underlying asset, not to recognize an ROU asset or lease liability. At inception, lessees must classify all leases as either finance or operating based on five criteria. Balance sheet recognition of finance and operating leases is similar, but the pattern of expense recognition in the income statement, as well as the effect on the statement of cash flows, differs depending on the lease classification. In addition, lessees and lessors are required to provide certain qualitative and quantitative disclosures to enable users of financial statements to assess the amount, timing and uncertainty of cash flows arising from leases. The amendments are effective for fiscal years beginning after December 15, 2019. Management is currently evaluating the impact of the pending adoption of ASU 2016-02.

In August 2016, the FASB issued ASU 2016-14, "Not-for-Profit Entities (Topic 958) and Health Care Entities (Topic 954) - Presentation of Financial Statements of Not-for-Profit Entities." The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions," (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed in service approach to recognize the expirations of restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities, a separate statement, or in the notes and disclose a summary of the allocation methods used to allocate costs, (e) requiring the disclosure of quantitative and qualitative information regarding liquidity and availability of resources, (f) presenting investment return net of external and direct expenses, and (g) modifying other financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements. The ASU is effective for HRW's financial statements for fiscal years beginning after December 15, 2017. Early adoption is permitted. The provisions of the ASU must be applied on a retrospective basis for all years presented although certain optional practical expedients are available for periods prior to adoption. Management is currently evaluating the impact of this ASU on its financial statements.

3. Investments, at Fair Value

HRW's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 2 for the discussion of HRW's policies regarding this hierarchy. A description of the valuation techniques applied to HRW's major categories of assets measured at fair value are as follows. There have been no changes in valuation methodology as of June 30, 2016 and 2015.

HRW's holdings in equity securities are determined by quoted market prices. Each of these investments can be liquidated daily. The valuation is based on Level 1 inputs within the hierarchy used in measuring fair value.

Human Rights Watch, Inc.

Notes to Financial Statements as of June 30, 2016

HRW also has investments in fixed income securities which include corporate bonds and U.S. Treasury securities. The investment managers priced these investments using nationally recognized pricing services. Since fixed income securities other than U.S. Treasury securities may not trade on a daily basis, the pricing services prepare estimates of fair value measurements for these securities using its proprietary pricing applications which include available relevant market information, benchmark curves, benchmarking of similar securities, sector grouping and matrix pricing. These investments are classified as Level 2. U.S. Treasury securities are classified as Level 1.

Mutual funds are valued on a daily basis at the close of business day. Each mutual fund's NAV is the value of a single share which is actively traded on national securities exchanges. These investments are classified as Level 1.

Alternative investments are those made in limited partnerships, offshore limited liability companies and pooled investment concerns, all of which are valued based on Level 3 inputs within the investment hierarchy used in measuring fair value. Given the absence of market quotations, their fair value is estimated using information provided to HRW by the investment advisor, Landseer Advisors LLC. The values are based on estimates that require varying degrees of judgment and, for fund of funds investments, are primarily based on financial data supplied by the investment managers of the underlying funds. Individual investment holdings within the alternative investments may include investments in both nonmarketable and market-traded securities. Nonmarketable securities may include equity in private companies, real estate, thinly traded securities, and other investment vehicles. The investments may indirectly expose HRW to the effects of securities lending, short sales of securities, and trading in futures and forward contracts, options, swap contracts, and other derivative products. While these financial instruments entail varying degrees of risk, HRW's exposure with respect to each such investment is limited to its carrying amount (fair value as described above) in each investment plus HRW's commitment to provide additional funding as described in the following paragraph. The financial statements of the investees are audited annually by nationally recognized firms of independent auditors. HRW does not directly invest in the underlying securities of the investment funds and due to restrictions on transferability and timing of withdrawals from the limited partnerships, the amounts ultimately realized upon liquidation could differ from reported values that are based on current conditions.

Certain alternative investments, which include limited partnership investments, have rolling lockups ranging from one to five years with redemption notice period of up to 90 days. In addition, the carrying values of alternative investments do not include future funding commitments of \$19,631,000 to be paid by HRW if called upon.

Management fees and incentive fees are charged by these investments entities at an annual rate ranging from 0.2% to 2.0% plus an incentive allocation, usually 20% of profits.

4. Contributions Receivable, Net

At June 30, 2016, the net present value of contributions receivable is \$54,005,996. Net present value was calculated using a discount rate equal to the risk-free interest rate, commensurate with the expected collection of the pledge based on the U.S. Treasury note interest rate in effect at the time contributions are made. The discount rate used in this calculation ranged from 0.47% to 2.96%.

Net present value of contributions receivable, net of a reserve for doubtful accounts, at June 30, 2016 is summarized below:

June 30, 2016

Total contributions receivable at June 30, 2016	\$54,263,461
Allowance for doubtful accounts	-
Total	54,263,461
Net present value discount	(1,749,581)

Amount due in:	
One year	\$19,633,415
Two to five years	34,630,046
Total	\$54,263,461

During the fiscal year ended June 30, 2011, HRW received a pledge from the Foundation to Promote Open Society, of which George Soros is Chairman, for general support totaling \$100,000,000. The grant is being paid in installments of \$10,000,000 over ten years and was recorded as temporarily restricted income in the statement of activities at its net present value. Through June 30, 2016, HRW has received \$60,000,000 towards the fulfillment of the pledge.

5. Fixed Assets, Net

Fixed assets, net consist of the following:

June 30, 2016

Leasehold improvements	\$ 9,005,438
Furniture and fixtures	565,521
Office equipment	1,197,518
Computer hardware and software	6,487,948

	<hr/> \$ 6,226,200

Depreciation and amortization expenses for the year ended June 30, 2016 were \$1,234,594.

6. Temporarily Restricted Net Assets and Net Assets Released From Restrictions

Temporarily restricted net assets were available for the following purposes at June 30, 2016:

June 30, 2016

Donor-imposed time restrictions	\$ 82,914,407
Endowment fund	107,324,433
	<hr/> \$190,238,840

Temporarily restricted net assets that were released from donor restrictions at June 30, 2015 are as follows:

Donor-imposed time restrictions	\$36,997,270
---------------------------------	--------------

7. Endowment Fund

The spending of endowment funds by a not-for-profit corporation in the State of New York is currently governed by the New York Prudent Management of Institutional Funds Act ("NYPMIFA"). HRW has interpreted NYPMIFA as requiring the preservation of the historical dollar value, or principal, of an endowment fund unless the donor provides otherwise by specifying in their written gift instruments that the not-for-profit corporation's spending-rate policy be applied to the endowment funds.

Human Rights Watch, Inc.

Notes to Financial Statements as of June 30, 2016

HRW has adopted investment and spending policies for endowment assets that attempt to provide a stream of returns that would be utilized to fund various programs while seeking to maintain the purchasing power of the endowment assets. The endowment funds are invested in vehicles such as government and equity securities, as well as alternative investments.

HRW considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- the duration and preservation of the funds;
- the purposes of HRW and the donor-restricted endowment funds;
- general economic conditions;
- the possible effect of inflation and deflation;
- the expected total return from income and the appreciation/depreciation of investments;
- other resources of HRW; and
- the investment policy of HRW.

For the year ended June 30, 2016, all assets included in HRW's Endowment Fund are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of June 30, 2016
Cash and cash equivalents	\$ 194,653	\$ -	\$ -	\$ 194,653

8. Retirement Plan

HRW has a tax deferred annuity plan (the "Plan") under Section 403(b) of the Internal Revenue Code. Participating employees make pretax contributions of up to the maximum allowable IRS limitations. All full time U.S. employees are eligible to participate in the Plan as of their date of hire. Upon participation in the Plan, employees are 100% vested in their contributions.

HRW also has a defined contribution plan (the "Plan") under Section 403(b) of the Internal Revenue Code. Each year, HRW contributes to the Plan 10% of each participant's before-tax compensation subject to annual IRS limitations. All full time U.S. employees are eligible to participate after two years of continuous employment. Participants become fully vested immediately following participation in the Plan. HRW's contribution for the year ended June 30, 2016 was \$2,105,723.

On February 5, 2015, the HRW Board of Directors approved a resolution to merge the Human Rights Watch, Inc. 403(b) defined contribution Plan and the Human Rights Watch, Inc. 403(b) tax deferred annuity Plan into one plan, the Human Rights Watch Retirement Savings Plan, effective December 31, 2014. Participating employees make pretax contributions of up to the maximum allowable IRS limitations. All full time U.S. employees are eligible to participate in the Plan as of their date of hire. Upon participation in the Plan, employees are 100% vested in their contributions. HRW also makes a discretionary contribution based upon a percentage of an employee's salary, which become 100% vested upon contribution.
